### **REMARKS**

Claims 1-16 are pending in this application. Claims 1, 7, 8 and 12 are currently amended. Claims 1, 7, 8 and 12 have been amended by deletion only. No new subject matter has been added to the claims. Further support for the amendments to claims 7 and 12 is detailed below. New Claims 13-16 have been added herein. Support for the new claims is based on original claims 1, 7, 8 and 12. Applicants have also amended the specification and Fig. 9 of the Drawings to correct minor errors.

### **Applicants' Response to the Claim Rejections under 35 U.S.C. §112**

Claims 7 and 12 are rejected under 35 U.S.C. §112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Specifically, the claims are rejected on the basis that they recite "the digitized numeric value data" without proper antecedent basis. In response thereto applicants have amended claims 7 and 12 by removing the phrase "the" from the claim language.

In view of the aforementioned amendments and accompanying remarks, Applicants submit that the claims, as herein amended, are in condition for allowance. Applicants request such action at an early date.

If the Examiner believes that this application is not now in condition for allowance, the Examiner is requested to contact Applicants' undersigned attorney to arrange for an interview to expedite the disposition of this case.
